## FABIAN GABRIEL SILVA

---

---

### PROFILE

I am 41 years old and a last 11 years IT Manager.

Currently, I am systems engineer, with a thesis for master's degree in progress. Actually work for the private and public sector at the national level. Also, I am starting the DevSecOps career, already being a Forensic Technical and a little self-taught in Python.

I would be excited to work for teams, another country and be able to meet new people.

I a lover of systems and always keep learning either from co-workers or new technology, and I'm opened to anything that would improves my skills.

## SKILLS & TOOLS

**- Administration Server (Windows & Linux On-Premise Distributions, Hardware & Software)**

**- Architecture and Topology (Site Disaster & Recovery, BackUp & Recovery Policies)**

**- Virtualization (QEMU, CITRIX, HyperV, Docker, Kubernetes, Jenkins, Terraform)**

**- Security (Firewall, NAT & ROUTING, VPN, Cryptography & Blockchain, Mikrotik Family)**

- **Forensic Technical** (Hardware Recovery, Examining Corrupted File Extension, Pentesting & Vulnerabilities Compliance)
- **GCP, AWS, Azure**
- **SaaS, PaaS, IaaS**
- **Python** (Automation, AI apps, Desktop/Web apps)
- **HTML5 & CSS3 / HTML & CSS + Bootstrap**
- **SQL** (MySQL, SQL Server, MariaDB)
- **MongoDB**
- **Trello, Wekan**
- **Agile Work Methodology**
- **PowerBi, Gantt, Stress & BournOut Test**

#### STUDIES

- **TRIC VIII – IEEE** – Regional Computational Intelligence Tournament (Published)
- **Master in Information Technology**, Universidad Abierta Interamericana (University | In progress)
- **Computer Systems Engineering**, Universidad Abierta Interamericana (University | Finished)
- **Electronics Technician**, E.T. n° 28 D.E. 10 República Francesa (Secondary | Finished)

#### CAPACITATIONS

**Installer of Photovoltaic Energy Autonomous Systems.** Certified by Ministerio de Medio Ambiente y Desarrollo Sostenible.

**Design and Implementation of Photovoltaic Energy Autonomous and Network Connected Systems.** Certified by Ministerio de Medio Ambiente y Desarrollo Sostenible.

**Computer Forensic Expert** – Certified by Professional Council in Informatics Sciences

#### Computer Security Course:

- Ethical Hacking – Apr'21
- Blockchain & Cryptographic – May'21
- Network Hacking – Jun'21
- Mobile Hacking – Jul'21
- Server Hacking – Dic'21
- Cloud DevOps – Feb & May'22

#### LANGUAGES

- Spanish (Native)
- English (Intermediate)
